

Management & technology consulting for complex federal missions.

TULK brings senior judgment, practical systems thinking, and disciplined execution to mission environments where requirements, stakeholders, and delivery realities must align.

WHO WE ARE

From ambiguity to accountable execution.

TULK is a mission-focused management and technology consulting firm. We support federal customers and prime teams with senior advisory, systems, program, and operational support—turning complex work into clearer plans, usable tools, and decision-ready information.

SELECTED CLIENT ENVIRONMENTS

National Geospatial-Intelligence Agency
National Oceanic and Atmospheric Administration
U.S. Department of Agriculture, Forest Service

CORE CAPABILITIES

Mission & Enterprise Advisory

Strategic planning, mission support, systems thinking, stakeholder alignment, technical planning, and executive decision support.

Program & Portfolio Execution

PMO operations, governance, workstream design, action tracking, risk visibility, reporting rhythm, and operational follow-through.

Systems, Workflow & Decision Support

Requirements coordination, process design, SharePoint-enabled workflows, dashboarding, data visibility, and practical automation.

Field & Regional Mission Support

Caribbean-based technical coordination, local logistics, marine field support, and stakeholder-facing execution for federal programs.

SELECTED CORPORATE EXPERIENCE

NATIONAL GEOSPATIAL-INTELLIGENCE AGENCY

Enterprise Engineering Support

Subcontractor to Peraton. TULK has supported NGA Enterprise Engineering in a secure GEOINT mission environment, contributing professional services under a prime-led delivery model.

NATIONAL OCEANIC & ATMOSPHERIC ADMINISTRATION

Marine Research Field Support

Prime contractor. TULK has provided vessel, captain, and field-logistics support for marine research cruises, biological surveys, and reef visual census work in the U.S. Virgin Islands.

USDA FOREST SERVICE

Caribbean Climate Hub Support

Prime contractor. TULK has provided technical support for Caribbean Climate Hub activities in the U.S. Virgin Islands.

ACQUISITION ADVANTAGES

Certified HUBZone, Women-Owned Small Business (WOSB), and Economically Disadvantaged Women-Owned Small Business (EDWOSB).
